Acknowledgement:

Phlebotomy is an extremely important process to the Healthcare Profession. You understand that applicants accepted into the program must maintain the highest standards. By submitting this application, you understand that you must adhere to the academic standards as well as our zero tolerance of use of drugs and/or illegal prescription usage and maybe subject to periodic drug screens. LifeShare phlebotomy students will successfully complete clinical, technical, and professional tasks assigned and will maintain at least a 75% average for chapter and final exams. As part of the course requirements, each student is required to bring volunteers on whom they can perform capillary and venipuncture procedures. Additionally, students are expected to perform these procedures on each other.
